BYU SUMMER INSTITUTE FOR
SPANISH TEACHERS 2005 IN SPAIN

Building on our tradition of nearly 40 years, the BYU Department of Spanish and Portuguese will again offer a Summer Institute for Spanish Teachers during the Summer Term of 2005.

The objectives of the 2005 Institute will focus specifically on needs of Elementary and Secondary school Spanish teachers. Institute courses are designed to help participants increase their effectiveness as teachers; improve their personal command of the Spanish language; become skilled in the use of new techniques, technology, and materials; increase their understanding of Hispanic culture and methods of teaching it; and establish life-long professional relationships. Participants will take 9 hours of credit (all of which may be applied to work toward recertification, salary increases, career ladders, a master ’s degree, etc.).

GENERAL INFORMATION

Program begins 14 June, 2005 and ends 23 July, 2005. (BYU on-campus work--June 14-18; Spain--June 21-July 23)

Costs
The total cost of the program includes BYU Graduate tuition, lodging, travel and most meals while in Spain.(As individuals may have frequent flyer discounts or other means of obtaining reduced air fares, travel to and from Spain is not calculated in program costs.) A grant of $500 to $1000 is available for teachers employed in Utah public schools. Teachers who have participated in past programs have often been able to obtain support from their own schools and districts in the amount of $300-$500, or more. Furthermore,a grant of $800 will be provided by BYU. With these discounts applied, the out-of- pocket costs to teachers should not exceed $2000-$2500 plus airfare.

Courses
Students will enroll in the following courses:
Spanish 577 Teaching procedures (3 sem.hrs.)
Spanish 674 Teaching Hispanic culture (3 hrs.)
